

## **Editor's Note**

---

Good Gentles,

This latest incarnation of our dance manual includes the following new dances: Beautiful Joy, Fiddlesticks, Florida Giglio, If Wishes Were Horses, Irish Washerwoman, and Penelope. Many thanks to all who submitted additions and corrections - your assistance is appreciated.

A time signature is listed for each dance near the title of the dance as follows == In 4 ==. The right margin of the dance description lists the number of measures per step or group of steps. For example, in a dance that is == In 4 ==, a 2 at the right margin means that it takes 8 counts to do the step. The editors do not guarantee the accuracy of these signatures – if you notice errors, please send corrections to one of the e-mail addresses listed below.

In an effort to conserve space, but minimize splitting a dance between 2 pages, the dances in each category are not always in precise alphabetical order. Please consult the index if you have trouble finding a particular title. The Almans are listed in the order that the old measures are commonly danced when danced as a set. There are also even more concise shorthand notes for the set of them after the index.

In the index, we distinguish the reconstructor of a dance from the choreographer of a dance by placing a “/” in front of the choreographer. In the main text, we list the date and/or source and not necessarily the choreographer.

An online version of the Terpsichore dance manual is available online at our website: <http://cynnabar.org/eurodance>.

Many thanks to Aaron Drummond for handling the technical aspects of publication, both for the print and online versions.

If any errors or variations are noticed in this edition of the book please contact Alina of Foxwood via e-mail at [elainecohen11@gmail.com](mailto:elainecohen11@gmail.com) or Midair MacCormaic at [charlesmidair@gmail.com](mailto:charlesmidair@gmail.com) & we will try to correct them in future versions.

Many Thanks,  
The Barony of Cynnabar
